

Instructions for Use, Maintenance, and Safety of Cups

In Accordance with Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023

1. Usage

1. **Purpose:** Cups are intended for consuming beverages, both hot and cold. They are not intended for use in extreme temperatures, such as in an oven or directly over a flame.
2. **How to Use:**
 - Wash the cups in warm water with mild detergent before first use.
 - Avoid sudden temperature changes, such as pouring hot coffee into a cold cup, to prevent cracking.
3. **Warnings:**
 - Do not use cups that are damaged or cracked.
 - Avoid strong impacts that may cause the cup to crack or break.

2. Maintenance

1. **Cleaning:**
 - Cups can be washed in a dishwasher, but it is recommended to hand wash them in warm water with mild detergent to prolong their lifespan.
 - Ensure cups are thoroughly dried before storing.
2. **Storage:**
 - Store the cups in a dry place, preferably standing up to prevent damage.
 - Avoid storing the cups in areas exposed to large temperature fluctuations.

3. Safety

1. **General Safety Rules:**
 - Users should regularly check the condition of the cups to ensure they are not damaged.
 - Avoid contact of the cups with open flames or hot surfaces that could cause them to crack.
2. **In Case of Damage:**

- Immediately discontinue the use of cups that are damaged, cracked, or have sharp edges.
- Properly secure and dispose of broken ceramics in appropriate containers to prevent injuries.

4. Compliance with Regulation (EU) 2023/988

The cups are designed and manufactured in accordance with the requirements of Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023 on general product safety, ensuring the highest level of user safety. The product also meets traceability requirements, ensuring the ability to track the origin of each cup.
