

Instructions for Use, Maintenance, and Safety of Glass Carafes and Jugs

In Accordance with Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023

1. Usage

1. **Purpose:** Glass carafes and jugs are intended for storing and serving cold and lukewarm beverages. They are not intended for hot beverages or use in extreme temperatures.
2. **How to Use:**
 - Wash the carafes and jugs in warm water with mild detergent before first use.
 - Fill the carafes and jugs up to 1 cm below the rim to avoid spilling.
 - Avoid sudden temperature changes, such as pouring very cold liquids into a carafe or jug that has been in a warm environment, to prevent cracking.
3. **Warnings:**
 - Do not use carafes and jugs that are damaged or cracked.
 - Avoid strong impacts that may cause the carafe or jug to crack or break.

2. Maintenance

1. **Cleaning:**
 - Hand wash the carafes and jugs in warm water with mild detergent.
 - They can be washed in a dishwasher, but it is recommended to use the delicate cycle to prolong their lifespan.
2. **Storage:**
 - Store carafes and jugs in a dry place, preferably standing up to prevent damage.
 - Avoid storing carafes and jugs in areas exposed to large temperature fluctuations.

3. Safety

1. **General Safety Rules:**
 - Users should regularly check the condition of the carafes and jugs to ensure they are not damaged.
 - Avoid contact of the carafes and jugs with open flames or hot surfaces that could cause them to crack.

2. In Case of Damage:

- Immediately discontinue the use of carafes and jugs that are damaged, cracked, or have sharp edges.
- Properly secure and dispose of broken glass in glass recycling bins to prevent injuries.

4. Compliance with Regulation (EU) 2023/988

The carafes and jugs are designed and manufactured in accordance with the requirements of Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023 on general product safety, ensuring the highest level of user safety. The product also meets traceability requirements, ensuring the ability to track the origin of each carafe and jug.
