

Instructions for Use, Maintenance, and Safety of Glass Food Containers with Plastic, Glass, or Wooden Lids

In Accordance with Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023

1. Usage

1. **Purpose:** Glass food containers are intended for storing various types of food. The lids may be made of plastic, glass, or wood. The containers are not intended for use in extreme temperatures (e.g., directly on a flame).
2. **How to Use:**
 - Wash the containers and lids in warm water with mild detergent before first use.
 - Avoid sudden temperature changes, such as pouring hot food into a cold container, to prevent cracking.
 - Containers with glass and plastic lids can be used in the refrigerator and freezer. Containers with wooden lids are not intended for storage in the refrigerator or freezer.
3. **Warnings:**
 - Do not use containers that are damaged or cracked.
 - Avoid strong impacts that may cause the container or lid to crack or break.

2. Maintenance

1. **Cleaning:**
 - Glass containers can be washed in the dishwasher. However, it is recommended to hand wash the lids, especially wooden ones, to prolong their lifespan.
 - Wash the containers in warm water with mild detergent.
2. **Storage:**
 - Store the containers in a dry place. Wooden lids should be kept away from moisture to prevent damage.
 - Avoid storing the containers in areas exposed to large temperature fluctuations.

3. Safety

1. General Safety Rules:

- Users should regularly check the condition of the containers and lids to ensure they are not damaged.
- Avoid contact of the containers with open flames or hot surfaces that could cause them to crack.

2. In Case of Damage:

- Immediately discontinue the use of containers and lids that are damaged, cracked, or have sharp edges.
- Properly secure and dispose of broken glass in glass recycling bins to prevent injuries.

4. Compliance with Regulation (EU) 2023/988

The containers are designed and manufactured in accordance with the requirements of Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023 on general product safety, ensuring the highest level of user safety. The product also meets traceability requirements, ensuring the ability to track the origin of each container and lid.
